

On May 2, 1945, Nazi Germany officially surrendered to the Red Army of the Union of Soviet Socialist Republics that, with the sacrifice of 23 million soldiers, defeated the major threat to humanity in the 20th century, Hitlerite Nazi-fascism.

This historic victory was not accidental; it was the result of the unbreakable determination of the Soviet workers and peoples to preserve and defend the socialist system, recognizing the leadership of the Communist Party and the masterful guidance of comrade Stalin.

Today, the bourgeois and imperialist forces that govern Russia, with Putin at the head, are trying to take advantage of this heroic deed, which was the work of socialism, of Marxism-Leninism, of the dictatorship of the proletariat, of the great Stalin.
